

Please consider the following:

--The FCC should not implement any proposal that would lessen Indiana's Telephone Privacy law protections.

--Indiana's Telephone Privacy law has enhanced and improved out time at home.

--I used to receive 10-12 calls per day as early as 8:15 am and 9:00 pm. We could always expect unwanted calls during family mealtime. Since the Indiana law went into effect we have received no calls.

--It appeared to my wife and I that the telemarketers preyed on senior citizens and retired personnel.
